For when the fastest base technology is not fast enough.

A-M-F ——— PARK TWIN

PROGRESSIVE TWIN

SIZES: 148, 152, 155, 158

High speed pop, forgiving board flex, and total control describe the All Mountain Freestyle Park Twin.

From when you unload to the bottom of the run, this board will eat up anything you throw at it. Single track through tight trees, park laps, or slopestyle events the AMF Park Twin is your swiss army knife of fun.

Accelerate quicker and hold speed longer through slush, powder, and groomers.

P O W D E R !

This surf-inspired, powder snowboard was developed to snap high-speed curves and handle deep snow in tight situations.

The nose flex pattern reduces front foot drag allowing for incremental speed efficiency through the good stuff. Basically...it goes fast and slays powder!

Don't call it a kids board. The Freestyle Shaun White Pro youth is modeled after insights from the most dominant half-pipe rider in the world, this board is designed to be a stepping stone to greatness. Responsive design, forgiving flex, and the same graphic package as the Shaun White Pro - this is definitely not a kids board.
